Pupil premium statement: Cramlington Learning Village

Introduction

This statement details the school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of disadvantaged pupils.

It outlines the pupil premium strategy, how CLV intends to spend the funding in this academic year and the effect that last year's spending of pupil premium had within the school.

School overview

Detail	Data
School name	Cramlington Learning
	Village
Number of pupils in school	2037
Proportion (%) of pupil premium eligible pupils	26.4% (466)
Academic year/years that the current pupil premium strategy	2021/2022
plan covers (3 year plans are recommended)	to 2024/2025
Date this statement was published	December 2023
Date on which it will be reviewed	July 2024
Statement authorised by	Jon Bird & Kim Irving
	Co-headteachers
Pupil premium lead	Stuart Kemp
	Assistant Headteacher
Governor / Trustee lead	Mr I Hall

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£365,355
Pupil premium funding carried forward from previous years	£0
(enter £0 if not applicable)	
Total budget for this academic year	£415,000
If your school is an academy in a trust that pools this funding,	N/A
state the amount available to your school this academic year	

Part A: Pupil premium strategy plan

Statement of intent

The key principle is to remove barriers in ensuring that disadvantaged students receive a rich and rigorous education that allows them to thrive academically and become: resilient learners, expert readers, knowledge explorers, able to construct, develop and retain core knowledge, and both responsible and respectful citizens, such that they all move on to their chosen destinations with the cultural competence and confidence they need to thrive.

The objectives are:

- Disadvantaged students make good progress and achieve high attainment, particularly in core and EBacc.
- Improve levels of literacy and oracy for disadvantaged students
- Increased rates of attendance for disadvantaged students
- Improved mental health of disadvantaged students
- Improved metacognitive and self-regulatory skills amongst our most disadvantaged students.
- Increase the proportion of disadvantaged students who achieve places at Russell Group universities and higher apprenticeships.

These objectives will be achieved through:

- Removing barriers that inhibit learning
- Quality first teaching and learning
- High quality CPD for staff
- Ensuring both the academic and welfare support is met for all students
- Ensuring staff are deployed effectively
- Effective use of robust review data
- Effective use of outside agencies

Challenges

This details the key challenges to achievement that have been identified among disadvantaged pupils.

Challenge	Detail of challenge
number	
1	Lower literacy and oracy coupled with limited vocabulary
	Disadvantaged students who fall behind in reading at an early age
	often have worse outcomes than students who come from 'book rich'
	households. As such, many of the most disadvantaged students have
	lower literacy and oracy skills than their non-disadvantaged peers.
2	Attendance rates for disadvantaged students across the school.
	Many disadvantaged pupils have had high absentee rates throughout
	their early schooling and are not motivated or supported to attend
	school by their peer groups or guardians.
3	Mental health and wellbeing.
	Experience shows that the most disadvantaged pupils tend to need
	further support with their emotional and wellbeing needs. Issues such
	as anxiety and low self-esteem particularly affect disadvantaged pupils
	and have a negative effect on their overall attainment.
4	Low engagement in independent study/learning
	The school's most disadvantaged students often lack metacognitive /
	self-regulation strategies when faced with more challenging learning.
5	Low aspiration for progression to university
	Disadvantaged students often come from families with no history of
	university or experience of higher education. Many students therefore
	lack the confidence they require to go on to become successful beyond
	their GCSEs and into other aspects of their lives.

Intended outcomes

This explains the outcomes aimed for **by the end of the current strategy plan**, and how the success of this plan will be measured.

Intended outcome	Success criteria
Improved grade	Disadvantaged students to achieve 4+ scores in
performance for	English and Maths, that are in line with the national
disadvantaged	non-disadvantaged figure.
students across all	A greater proportion of disadvantaged students will be
subjects, with a focus	entered for all components of the EBacc and achieve
on EBacc.	grades that are in line with the non-disadvantaged.
Improved reading	The literacy and oracy gap between disadvantaged
comprehension	and non-disadvantaged students will close when
among	carrying out reading and comprehension
disadvantaged	assessments. This will also be evident in books and
students.	improvements in overall grade performance.
Improved attendance	Attendance meets or exceeds national expectations
rates for	and is in line with the school's overall attendance
disadvantaged	figures.
students across the	Students with low attendance and poor punctuality are
school.	supported by the attendance officer and
	pastoral/disadvantaged team so that their attendance
	improves.
	Increased parental engagement through meetings and
	online meeting platforms.
To improve the	Disadvantaged students will have a reduction in the
mental health and	number of behaviour incidents.
wellbeing of the most	Student voice and parental surveys will reflect
disadvantaged	improved wellbeing of CLV's most disadvantaged
students.	students and highlight more positive attitudes towards
	learning.

	 A lower number of students will utilise the inclusion
	services within the school and be more engaged with
	their classroom learning, as evidenced by learning
	walks and improved outcomes.
	An increase in participation in enrichment activities,
	amongst disadvantaged students.
Improved	Classroom observations and teacher reports will
metacognitive and	evidence improved self-regulatory skills amongst
self-regulatory skills	disadvantaged students. The findings will be
amongst our most	supported by higher homework completion rates,
disadvantaged	improved disadvantaged outcomes, and improved
students.	independent working amongst disadvantaged sixth
	form students.
Higher numbers of	The percentage of disadvantaged students who go to
disadvantaged	university and specifically to Russell Group universities
students to achieve	is in line with non-disadvantaged students at CLV.
places at Russell	The percentage of disadvantaged students who go
Group universities	onto degree level apprenticeships continues to
and higher	increase.
apprenticeships.	

Activity in this academic year

This details how CLV intends to spend the pupil premium **this academic year** to address the challenges listed above.

Teaching

Budgeted cost: £110,000

Activity	Evidence that supports this	Challenge
	approach	number(s)
		addressed
Employing additional English	It is widely recognised that quality	1,4,5.
and Maths teachers	first teaching is one of the most	
	effective strategies for closing the	
	gap between disadvantaged and	
	non-disadvantaged students.	
	Therefore, CLV aims to recruit and	
	retain the very best practitioners so	
	that disadvantaged pupils maximise	
	their learning and have the best	
	possible life chances.	
	This is supported by <u>EEF</u> research	
	and the <u>Sutton Trust</u> .	
	English 4+ PP performance has	
	dipped from 70.0% in 2022 to 60.0%	
	in 2023. This trend is repeated for the	
	5+ data, with a drop from 50% in	
	2022 to 40% in 2023.	
	Maths 4+ PP performance dipped	
	from 58.8% in 2022 to 44.0% in 2023.	
	The 5+ performance also dropped to	
	21.3% in 2023 from 35.0% % in 2022.	

Subject coordination of Maths,	The coordination roles ensure that	1,3,5.
English and Science	data is analysed quickly and the right	
	support is given to the right student in	
	a timely manner, and that effective	
	feedback is being given to	
	disadvantaged students in order to	
	ensure they reach their full potential.

Wider strategies

Budgeted cost: £175,000

Activity	Evidence that supports this approach	Challenge
		number(s)
		addressed
Mental health support	Children with SEMH needs often have	3
	difficulties in managing their emotions or	
	their behaviour. Additional SEMH key	
	workers have been employed to respond	
	to the needs of the most vulnerable	
	students. This is supported by EEF	
	research and further DfE catch up	
	premium guidance.	
Behaviour support	The support aims to help students with	2, 3.
	their behaviour and self-regulation, aiming	
	to improve their general wellbeing and	
	ultimately school attainment. This is	
	supported by <u>EEF</u> research.	
Attendance manager +	The attendance manager works	2.
assistant attendance	collaboratively across the school to	
manager	deliver school attendance support, and	
	ensure the delivery of effective early	
	intervention services to students and their	
	families. Ultimately this will drive grade	
	performance in a positive direction and is	
	supported by various research articles.	
	In 2023, the average PP attendance	
	across the school was 86.8%.	
Education welfare	The EWSO will work with disadvantaged	2.
support officer (EWSO)	children and their families to improve	

	attendance and increase attainment and	
	progress. They will develop and maintain	
	effective relationships with PP students in	
	order for said students to obtain	
	maximum benefit from their education.	
Educational visits	The school will organise a series of	3,4,5.
	educational trips to enhance students'	
	learning experiences beyond the	
	classroom. These trips will provide	
	practical, real-world applications of	
	classroom concepts, fostering a deeper	
	understanding and appreciation of the	
	material.	
	Additionally, visits to various further	
	education providers will help students	
	explore educational pathways and make	
	informed decisions about their future	
	careers.	
	Overall, these trips aim to broaden	
	students' horizons, inspire curiosity, and	
	provide valuable insights into future	
	career and educational opportunities.	
Rewards	Incentives are provided in order to	2,4.
rewards	improve engagement in studies, and	۷,٠٠
	improve attendance.	
ICT / Mobile devices	Pupil Premium students in year 7	1,4,5.

	that enabled them to access the	
	curriculum more easily and gave equality	
	of access to ICT provision. Pupil	
	Premium students in higher year groups	

were also provided with Chromebooks if		
	they missed the initial roll out in year 7.	
	Renewal of PP devices occurs in year	
	10.	
	This is supported by <u>EEF</u> research.	
Book provision	Experience shows that disadvantaged	1,4,5.
	students are the least likely to have	
	additional support or facilities at home.	
	Pupils across all year groups receive	
	additional books and revision guides, in	
	order to improve literacy levels and	
	grade performance at KS3 and 4.	
Uniform	Students who did not have the required	2,3.
	clothing were provided with the correct	
	uniform. This ensures conformity to the	
	school policy and reduces any stress	
	incurred when uniform is incorrect.	
Catering	Refreshments/food is provided for many	2,4
	intervention sessions and parent/student	
	information evenings, to encourage	
	students and parents to attend. Parental	
	engagement is supported by <u>EEF</u>	
	research.	
	In 2023, Maths sessions where	
	refreshments were provided were	
	attended by 80% of the students that	
	were invited.	

	English clubs (High Five and Cloud	
	Nine) will also be offered food in order to	
	incentivise attendance.	
	The Boys Network is a 10 month	
	programme, see body of main report,	
	that will run for 10 months, the students	
	will receive their evening meal whilst in	
	school.	
	Food and water is provided for students	
	from the mentor office. This is often	
	given at breakfast, break or lunch.	
	Offering breakfast is supported by <u>EEF</u>	
	research.	
Community information	The school will be hosting information	2,4,5.
evenings	evenings to emphasise the importance	
	of parental involvement in student	
	success, especially during the	
	challenging Year 11.	
	This event is part of our commitment to	
	ensuring both parents and students feel	
	prepared and supported. Strategies to	
	improve and maintain regular	
	attendance, which is critical for	
	academic achievement, will be	
	discussed on said evening.	
	Parental engagement is supported by	
	EEF research.	
The Boys' network	The Boys' Network is a mentoring	2,3,4,5.
	programme which strategically links	

·	students with industry professionals to	
	facilitate an enriching journey of	
	exploration and development, equipping	
	them with the necessary skills and	
	confidence to stand out amongst their	
	peers as they transition into higher	
	education and the world of work.	

Total budgeted cost: £415,000

Part B: Review of outcomes in the previous academic year

This details the impact that the school's pupil premium activity had on pupils in 2022-23.

	Disadvantaged	Non-disadvantaged	National
			comparison 2022 to
			non-disadvantaged
Number of pupils			
Basics 9-4	41.3	71.3	76.0
Basics 9-5	16.0	48.6	57.0
Ebacc 9-4	41.3	16.3	31.0
Ebacc 9-5	16.0	9.2	24.0
English 4+	60.0	83.3	
English 5+	40.0	67.7	
English 7+	6.7	21.9	
Maths 4+	44.0	74.9	
Maths 5+	21.3	53.4	
Maths 7+	1.3	19.9	
% 7+ or A/A*	6.0	24.0	

Year 13 destinations

Even though funding is not available in the Sixth Form, the school continues to track the progress of disadvantaged pupils in Years 12 and 13.

- 67% of all disadvantaged students went to university.
- 11% of disadvantaged students started an apprenticeship.
- 22% of disadvantaged students gained employment.

Attendance of pupils

During 2022-23, the attendance of disadvantaged pupils was 86.9%, compared to 90.8% nationally, for all pupils.
